

SUMMER STORMS MOVE FAST. YOUR RESPONSE SHOULD TOO.

Know where to go, when to stop and how to stay safe.

- ▲ **BEFORE BAD WEATHER ARRIVES**
 - Each day, check shelter plans and routes
 - Know which shelters are safe during severe weather
 - Know evacuation and shelter procedures
- ▲ **WHEN WEATHER TURNS SEVERE**
 - When thunder roars, go indoors and stay until 30 minutes after the last rumble
 - Stay away from windows
 - Turn around, don't drown on flooded roads
- ▲ **BEFORE WORK RESUMES**
 - Watch for downed power lines
 - Report hazards immediately
 - Wait for approval before restarting work

Severe weather can develop quickly. Preparing can make all the difference. Plan ahead. Stay alert. **Get Home Safe.**
