

Workforce Safety and Insurance introduced the Ergonomic Grant Program in August 2009. WSI wants to help North Dakota employers reduce the frequency of ergonomic related injuries in the workplace by increasing worker training and safety through the Ergonomic Initiative Program. WSI is offering financial assistance for the purchase of ergonomic-related equipment through the ERGO PHASE II Grant Program. ERGO PHASE II began August 1, 2013, and over \$12.4 million has been awarded through September 30, 2017.

The following employers have received funding through WSI's ERGO PHASE II Grant Program:

- | | | |
