Provider Remittance Advice

WSI processes medical service billings weekly. A remittance advice is sent to the provider with the reimbursement check, providing information to the provider about the service, including the patient's name, date of service, procedure billed, submitted amount, and paid amount. The remittance advice also includes reason codes or explanation of benefits (EOB) codes, to explain any reductions in payment of a service or denial of payment.

Some EOB codes allow the patient to be billed for the denied charges, or for the balance of reduced charges. These instances are identified by the statement "CONTACT CLAIMANT FOR PAYMENT". When these EOB codes occur, WSI also sends a "NOTICE OF NON-PAYMENT" EOB to the patient regarding the reduced or denied charges, to inform the patient of their responsibility for the charges.

If an EOB code does not state the patient may be contacted for payment, any reduction or denial of services is not billable to the patient, the employer, or another insurer.

Copies of remittance advices can be obtained by calling 1-800-777-5033. You can access the list of our EOB codes on our website in the library section.
