INTRODUCTION

Dear Employer,

The Workforce Safety & Insurance (WSI) Classification Manual for 2019, effective July 1, 2019, is your guide to the 141 employment classifications in North Dakota. Classification rates were established with the assistance of The Burkhalter Group consulting actuaries.

Please take a few moments to become familiar with this manual and keep it for future reference. You may also access this information in our fully searchable website at www.WorkforceSafety.com. At our website you will find additional information on our services and programs, a calendar listing our upcoming training events, the latest news and our online services.

NOTICE

Workers' compensation premiums
are assessed only on the first
\$36,400 of salary per employee.

DISCLAIMER

The materials contained within this rate classification manual are subject to the interpretation and final assignment by qualified WSI personnel. Employers should not rely on oral or telephonically communicated rate class assignments, but may rely on billing statements and written quotes from WSI.

Rate classifications are assigned based on information received from you, the employer, and are subject to change based on confirmation of the information received, new information, or an audit conducted by WSI.

The WSI Classification Manual utilizes classification codes unique to ND WSI. Classification codes or systems utilized in jurisdictions other than ND do not apply to WSI.

COMPOSITE CLASSIFICATIONS

Classifications marked with an asterisk (*) are composite rate classifications. All employees, including clerical office (8805), are to be included. There will be no payroll division for any employee within this scope, unless stated as an exception in the WSI Classification Manual.

ELECTIVE COVERAGE – CHAPTER 65-07-01

The remuneration for an employer (individual/sole proprietorship, member of an ordinary or general partnership, officers and directors of an association or cooperative and corporate officers of a corporation) is not reported as employee payroll. In addition, coverage for an employer's spouse and/or children under age 22 will not be in effect until WSI receives a completed, signed elective coverage contract. Upon receipt of a completed elective coverage contract premium will be billed as follows: Employer/Spouse-Premium calculated on wage cap amount. Children ages 21 and under for payroll period-Premium based on actual wages. Children 22 years and older for payroll period-Actual wages should be reported with employees.

If any officer, employer, member of an ordinary or general partnership, or self-employed person enters into a special contract for employer's insurance, the premium for such protection shall be based on the maximum payroll cap in effect at the time coverage is secured. As of July 1, 2019, the payroll cap was \$36,400. The current minimum premium is set at \$250.

VOLUNTEER ORGANIZATIONS MAY SECURE COVERAGE - CHAPTER 65-07-01

Any volunteer organization, not otherwise provided for under this title, may contract with WSI for insurance protection for its own members while they are engaged in specific activity provided for in the contract.

CONSTRUCTION OR ERECTION WORK

If the employer's operations include construction or erection work, division of payroll shall be made for each separate and distinct type of construction or erection operation, which is specifically described by a classification, provided separate records of payroll are maintained and provided the use of any such classification in connection with separate job or location is not restricted by a specific or general no-payroll-division qualification. Operations for which no separate records of payroll are maintained shall be assigned to the highest rate classification applicable to the job or location. This rule applies but is not limited to such employees as superintendents, power plant maintenance employees, watchmen, shipping and receiving clerks, yardmen, foremen, and on-site construction supervisors.

CONTRACTORS - GENERAL AND INDEPENDENT

General contractors who hire subcontractors can be held liable for delinquent workers' compensation premiums and penalties owed by the subcontractor. Verification by the general contractor of a subcontractor's workers' compensation account payment status is recommended.

Independent contractors are employers and, therefore, are not required to be covered by workers' compensation. Any independent contractor / employer must provide coverage for any employees they hire. North Dakota Common Law is used to determine whether or not an individual is an independent contractor. For a determination of independent contractor status, please contact WSI at (701) 328-3800.

CUSTOM AGRICULTURAL OPERATIONS

For purposes of the agricultural service exception to hazardous employment under § 65-01-02, an agricultural employer that engages in a custom agricultural operation (which is the planting, care, or harvesting of grain or field crops on a contract-to-hire basis, exclusive of hauling by special contractor) retains the exemption unless the employer's custom agricultural operations are based outside this state or require more than 30 actual working days of operation during the calendar year.

SPLIT WAGES

An employee's payroll may be divided between two or more classifications provided that: (a) the classifications may be assigned properly to the employer according to the rules of the classification system; and (b) the employer maintains proper payroll records, disclosing the actual payroll by classification for each impacted employee. An estimated or percentage allocation of payroll is not permitted. Such records must reflect the actual time spent working within each job classification. If the original payroll records do not disclose the actual payroll applicable to each classification, the entire payroll of the individual employee must be assigned to the classification representing any part of his/her work that carries the highest authorized rate.

- **Upholstery of furniture not related to manufacturing rated separately under 2860.**
- **Delivery to construction sites only included. All other shipment and hauling rated separately under 7215.**

2860 UPHOLSTERING

- Upholstering - applicable only to those who engage solely in the operations of upholstering furniture and car seats as a separate and distinct business.
 - This classification is primarily intended to apply to businesses in which the principal operations are upholstering. The classification is not assignable for a division of payroll with any other manual classification unless these upholstering operations constitute a secondary business conducted as a separate undertaking or enterprise.
- **Manufacturing of furniture rated separately.**

3124 MANUFACTURING OF LIGHT METAL OR NONMETAL GOODS

- Manufacturing, production, and assembly of light metal or nonmetal goods. May involve extensive precision work, assembly work, and assembly of electrical parts.
- Sporting goods manufacturing - golf clubs, gym equipment, and skis. **[A]**
- Orthopedic equipment manufacturing - manual and / or electric wheelchairs and prosthetics. **[B]**
- Hand tool manufacturing - manufacturing of forged or nonforged tools, dies, jigs, and machine parts. Nonforged finished products include plumbers' hand tools, chisel bits, and wrenches. Forged finished products include screwdrivers, chisels, and hammers. **[C]**
- Metal plating and finishing - electroplating; gold, nickel, and chrome plating; soldering and polishing of small goods. **[D]**
- Small parts manufacturing - light metal and nonmetal. **[E]**
- Plastic goods manufacturing. **[F]**
- Metal furniture assembly.

This classification will include a wide variety of manufactured products:

- Photographic supplies.
- Buttons, eyelets, and fasteners.
- Batteries - dry and wet.
- Nuts, bolts, screws, and spikes.
- Toys and games.

- Section 3124 continued on next page.

- Valves and gears.
- Metal coat hangers.
- Belt buckles.
- Hand guns.
- Coil springs.
- Hardware - handles of all kinds, horseshoes, and saddlery hardware.
- Electric light fixtures - floor, table lamps, and portable lanterns.
- Brass or copper goods - hose stems, hose clamps, and couplings.
- Office equipment - typewriters, calculators, and computer equipment.
- Telecommunication equipment - televisions, radios, hearing aids, and telephones.
- Cable wire - insulated electrical cable, wire insulating or covering.
- Saw blades - hand and power saw blades, files, cutlery, needles, and scissors.
- **Tool manufacturing for agricultural, construction, logging, and mining purposes, including cultivator shovels and sweeps, rated separately under 3504.**
- **Production or development of coated photographic film or paper, blueprint paper, tintype positives, and various forms of magnetic recording tapes rated separately under 4365.**
- **Delivery rated separately under 7215.**
- **Foundry work rated separately under 3504.**

3360 WELDING AND BLACKSMITHING

- Welding repair - applies to those engaged in general repair work by a welding process. This classification is primarily intended to apply to businesses in which the principle operations are welding. The classification is not assignable for a division of payroll with any other manual classification.
- Welding shops only - no automobile repair.
- Applies to all contract welding or cutting processes by specialist contractors. Includes both shop work and outside work.
- Chrome plating, welding, and polishing.
- Acetylene, arc, and electric welding - in shop or outside shop.
- Specialists engaged in robotic arm welding operations.

- Section 3360 continued on next page.

- Blacksmith operations - applies to those individuals or companies engaged in blacksmithing as a commercial enterprise. Includes heating material in a forged fire, hammering, bending, or twisting material into various shapes.
- Includes incidental welding, grinding, tool tempering, and sharpening.
- Blacksmiths or farriers shoeing horses or mules.
- Welding inspectors and pipe testers.
- **Welding or cutting for demolition jobs rated separately under 6210.**
- **Work connected with iron or steel erection or structural construction welding rated separately under 5040.**
- **Non-destructive pipe testing rated separately.**

3504 MANUFACTURING OF HEAVY METAL IMPLEMENT / EQUIPMENT
--

- Implement or equipment manufacturing to include repair and rebuilding of equipment or implement parts - operations involve welding, machine shop apparatus, engine lathes, drill presses, or milling machines. Some forging or foundry work may be required. Assembling procedures would include welding, milling, bolting, riveting, and painting.
- Foundry and steel casting - including all operations engaged in ferrous, nonferrous, and assembled ironware manufacturing. **[A]**
- Boat manufacturing - trailers, mobile homes, and campers. **[B]**
- Fiberglass and rubber products manufacturing - includes containers, drums, and tanks. **[C]**
- Motorized rehabilitation equipment - manufacturing and distributing. **[D]**
- Iron or steel manufacturing - steel I-beams and angle iron. **[E]**
- Agricultural machinery and construction machinery manufacturing - sugar beet machinery, hay loaders, tractors, reapers, and street and highway equipment. **[F]**
- Agricultural parts manufacturing - chisel plow sweeps, harrows, plowshares, and steel points.
- Asbestos goods manufacturing - asbestos brake linings, valve packing, and rubber- treated asbestos.
- Railroad car manufacturing - manufacturing, repair, or rebuilding of railroad cars.
- Automobile and automotive parts manufacturing - manufacturing or assembly of complete cars, busses, trucks, vans, carriages, wagons, and automotive parts, such as car doors, bumpers, and side panels. **Operations involving assembly only by specialty trade contractors that are located at a separate and distinct location rated separately under 3866.**
- Roll mill operations - production of plate, sheet, and strip stock metals.

- Section 3504 continued on next page.

- Equipment manufacturing - stoves, radiators, electric power or transmission equipment, and plumbing supplies.
- Pipe or tube manufacturing - for construction of buildings and bridges.
- Airplane manufacturing - does not include testing of airplanes.
- Fireproof equipment manufacturing - metal cabinets, fireproof doors, and stainless steel doors.
- Glass manufacturing - production of glass from raw materials.
- Garden tractor and lawn equipment manufacturing.
- Rubber tire, plastic, fiberglass, and glue manufacturing.
- Metal furniture manufacturing.
- Pipe or tube manufacturing.
- Motorcycle manufacturing.
- Snowmobile manufacturing.
- Golf cart manufacturing.
- Bathtub and sink manufacturing.
- Metal container manufacturing.
- **Delivery rated separately under 7215.**
- **Specialty trade shops for the repair and rebuilding of manufactured machine or equipment parts rated separately under 3630.**

3620 BOILER AND TANK MANUFACTURING

- Metal boiler and tank manufacturing.
- Manufacturing power and marine boilers, pressure and nonpressure tanks, and storage tanks.
- Manufacturing of metal smokestacks and heat exchangers. Materials used will include iron or steel plates, bars, I-beams, pipe, or other milled products - including culvert manufacturing and fabrication. **[A]**
- **Installation and repair of boilers rated separately under 5110.**
- **Installation, erection, and repair of tanks rated separately under 5040.**

3630 AUTO REPAIR - BODY SHOPS - MECHANICS

- Repair and service to cars, vans, trucks, motorcycles, and other vehicles. Includes pick up and delivery.
- Automobile repair - including body repair shops, general auto repair shops, and specialized auto repair shops.
- Body shops - repair of metal or fiberglass automobile bodies including estimating, upholstering, bodywork, and painting. Removal of metal panels or other parts by the use of acetylene torch. Hammering, sanding, buffing, realignment of bent frames by heating and bending process, welding of replacement parts, and glass installation.
- Paint shops - painting or repainting of vehicles, equipment, and parts, sanding, masking, spray painting, powder coating, baking, and body repair or removal of rust to prepare for the painting operation.
- Specialty small-engine repair shops - including, but not limited to, lawn mowers, snow blowers, tillers, and chain saws.
- Auto repair - general maintenance of a vehicle, including engine repair or the rebuilding of engines, radiator repair, and shock replacement.
- Contractor equipment repair - winter shop only. **[B]**
- Tire recapping - retreading, rebuilding, or recapping of tires or tubes by steam or vulcanizing methods. Includes sales, wheel alignment, and installation in the shop or away from the shop. **[C]**
- Fire-fighting equipment - service, repairing, installation, and pick up and delivery. Includes recharging of pressurized tanks and vessels, including oxygen. **[D]**
- Specialty trade machine shops - automotive or tool machine shop repair where work is performed on various automotive or tool parts. The operations may involve cylinder reboring, valve grinding, or repairing brake drums. **[E]**
- Radiator manufacturing and repair - automotive. **[F]**
- Auto and truck salvage - applies to those engaged in the collection and handling of wrecked vehicles for the purpose of selling and resale of auto parts. **[G]**
- Recycling of refrigerants, antifreeze, and oil. **[O]**
- Towing services - applies to those who specialize in furnishing towing services for vehicles to other locations for repair.

- Section 3630 continued on next page.

- Specialty shops repairing or installing ignitions, mufflers, radiators, carburetors, or transmissions; wheel alignment / brake repair; and fuel injection system repair.
- Specialty trade shops for repairing or rebuilding of manufactured machine or equipment parts.
- Tool and blade sharpening.
- Painting of pinstripes.
- Van conversion.
- Undercoating of vehicles, including truck bed liner spraying.
- **Tire recapping by electric method rated separately under 8380.**
- **Pinstriping by adhesive method - no painting - rated separately under 8380.**
- **Manufacturing of metal machine parts rated separately under 3124 or 3504.**
- **Wrecker services provided by service stations will be classified under 8380.**

3685 COMPUTER - ELECTRONIC - ASSEMBLY

- Assembly of intricate components for computers or other electronic equipment. Operations may involve drilling, wiring, soldering, or assembly with nuts, bolts, or screws.
- Molding, machining, bending, buffing or polishing, and assembly of primary plastic electronic components producing a finished product for sale. **[A]**
- Assembly of cassettes, laser discs, videocassette recorders, televisions, and radios.
- **Manufacturing of plastic material rated separately under 3124.**
- **Manufacturing of computers and other electronic equipment and their components rated separately under 3124.**

3866 MOTOR COACH - CARRIAGE ASSEMBLY
--

- Assembly only of manufactured parts for busses, carriages, motor homes, and wagons.

4036 BRICK - PIPE - CONCRETE PRODUCTS MANUFACTURING

- Shop and yard employees involved in manufacturing of concrete products, including pre-stressed concrete, pre-stressed beams, building blocks, patio blocks, lawn ornaments, burial vaults, girders, and livestock feed bunks. Includes maintenance and repair of machines and equipment.
- Manufacturing of concrete sewer pipe, septic tanks, or culverts.

- Section 4036 continued on next page.

- Manufacturing of common, face, pressed, or repressed building or paving bricks; sand-lime, structural, and fireproofing bricks; or similar products.
- Structural clay products manufacturing - sewer pipes, roofing, and drainage tiles.
- This involves manufacturing of products as a commercial enterprise at a permanent location.
- **Delivery by specialty trade contractors or delivery to sister companies located in another state rated separately under 7215.**

4061 POTTERY AND CERAMICS MANUFACTURING
--

- Manufacturing of glazed or porcelain earthenware pottery of smaller sizes by hand-molded or cast process. Some of the products contemplated within the scope of this classification are flowerpots, decorative pins and magnets, bean pots, vases, cookie jars, hand-made decorative tiles, and urns.
- Ceramic shops engaged in the process of forming greenware, kiln drying, and decorating.
- Includes retail sales and packaging of product.

4130 GLASS MERCHANTS

- Operations include receiving, storing, and selling of glass such as window glass, plate glass, and safety glass for automobiles.
- Includes bending, grinding, and silvering.
- Glaziers away from shop.
- Processing of glass.
- **Glass manufacturing rated separately under 3504.**
- **Installation of auto glass rated separately under 3630.**

4150 JEWELRY AND / OR OPTICAL GOODS MANUFACTURING
--

- Jewelry manufacturing - jewelry with or without stones, rings, bracelets, and earrings. Includes operations such as forming, polishing, buffing, assembling, and engraving of product.
- Lens manufacturing - optical goods and ground and polished lenses. Assembling lenses into frames for eyeglasses, field glasses, and industrial goggles.
- Preparation of product for shipment.
- **Retail sales of eyewear rated separately under 8000.**
- **Traveling sales representatives rated separately under 8747.**

4310* PRINTING AND PUBLISHING

* *This classification is a composite rate classification. All employees are to be included. There will be no payroll division for any employee within this scope.*

- Printing operations, including calendars, circulars, pamphlets, and catalogs.
- Publishers - newspapers, books, and magazines. Includes reporters and advertising and sales representatives.
- Miscellaneous publishing activities, such as bookbinding and ruling, electrotyping, engraving, and lithographing.
- Silk-screening.
- Plastic and paper bag printing.
- Cardboard box manufacturing.
- Rubber stamp manufacturing.
- Paper products manufacturing, which includes, but is not limited to, paper towels, toilet tissue, paper plates, napkins, tissue, doilies, pull-tabs, and boxes. **[A]**
- Manufacturing of paper books, stick matches, and dress patterns.
- **Retail stores with limited on-site silk screen or printing operations rated separately under 8000.**
- **Publishing with no printing operations rated separately.**

4365* PHOTOGRAPHERS

* *This classification is a composite rate classification. All employees are to be included. There will be no payroll division for any employee within this scope.*

- Photo processing employees. Printing and developing of prints and enlargements.
- Photography studios, including photographing outside the studio.
- Microfilming and development of microfilm. **[A]**
- Blueprint and photostat establishments.
- **Aerial photography rated separately under 7405.**

4583 FERTILIZER AND CHEMICAL DEALERS

- Dry or liquid chemical dealers.
 - Employees exposed to dry or liquid fertilizer, chemical mixing, and handling.
 - Includes processing, blending, packaging, and repackaging products.
 - Delivery of product, applying, and spreading.
 - Polish, paint, varnish, ink, and paste manufacturing. Includes processing and packing product for shipment. **[A]**
 - Fertilizer / Insecticide application - liquid or dry. **[B]**
 - Agricultural research and development of chemical products, application of chemicals, marking test plots, and obtain crop samples (includes agronomy-related duties). **[C]**
- **Lawn fertilizer application rated separately under 0010.**

4601 LABORATORY WORK AND MEDICINE MANUFACTURING

- Medicine, drug, or pharmaceutical products manufacturing.
 - Includes preparation, processing, packaging, and recycling.
 - Laboratory work - employees specializing in research or testing of samples.
 - This classification is also applicable to various types of research, development, or testing laboratories working in the areas of medicine, pharmacology, toxicology, microbiology, and geophysical research as well as other fields of a scientific nature.
- **Traveling sales representatives rated separately under 8747.**
- **Medical labs as part of a clinic performing tests and analysis of medical specimens rated separately under 9042.**

4692* DENTAL LABORATORIES

- * *This classification is a composite rate classification. All employees are to be included. There will be no payroll division for any employee within this scope.*
- All employees engaged in dental lab operations.
 - Fabricating dentures, artificial teeth, orthodontic appliances, crowns, and bridges.
 - Plastic or vinyl molding and light wire forming.
 - Packaging, shipping, and local delivery of product.

4740 OIL REFINING - SYNTHETIC FUELS MANUFACTURING

- Refining of various crude petroleum oils, and the drawing off of the petroleum factions - including natural gas, ligroin, gasoline, kerosene, naphtha, fuel oil, lubricating oil, and petrochemicals.
- Operations involving distillation, thermal and / or catalytic decomposition, fractionalization, compression, absorption, purification, storing of gaseous materials, alkylation, and the storing or loading of the finished products into tank trucks.
- Engaging in the recovery of gasoline from casing head or natural gases.
- Oil refinery and coal gasification plant operations. **[A]**
- Anhydrous ammonia manufacturing.

5025 MASONRY WORK

- Masonry work in connection with the construction of residential, commercial, or industrial structures using brick, brick veneer or cement, concrete, stone, marble, or glass blocks.
- Fireplace construction, installation of interior partitions of hollow fireproof tiles, gypsum blocks or bricks, exterior building caulking, boiler brick work, masonry or tile silo erection, sawing of concrete block walls, and waterproofing of building exteriors by use of trowels.
- Mausoleum erection in cemeteries. **[A]**
- Tuck pointing - filling and / or finishing brickwork joints with cement or mortar. **[C]**
- Brick cleaning - new construction or existing sites.
- Mud-jacking.
- **Building of forms or pouring concrete rated separately.**

5040 IRON OR STEEL CONSTRUCTION

- Erection of iron or steel bridges or other bridges - operations involve the erection of structural steel trusses, columns or I-beams, metal and / or steel decks. **[A]**
- Erection of iron or steel frame structures - including assembling, disassembling, or fabricating at the job site. Raising of the structural members into place using a crane or boom and securing by bolting, welding, or riveting the frame or skeleton of buildings. Includes painting and related preparation work of tanks, towers, bridges, and other steel structures. **[B]**

- Section 5040 continued on next page.

Metal erection, installation, repair, on/off-site maintenance, inspection, and painting of:

- Wind turbine / generator towers. **[C]**
- New exterior iron or steel balconies, fire escapes, fireproof vaults, staircases, and fireproof shutters, regardless of structure type. **[D]**
- Radio, television, cellular, and microwave towers. **[E]**
- Commercial chimneys and smokestacks. **[G]**
- Tanks - water, gas, and oil, including water towers. **[H]**
- Metal silos. **[I]**
- Pre-stressed concrete structural beams or girders. **[J]**
- Pile driving and sheet steel piling. **[K]**
- Diving - underwater inspections. **[L]**
- Exterior / interior tank cleaning. **[M]**
- **Diving contractors engaged in construction or repair rated separately under 6253.**

5100 ORNAMENTAL WORK

- Contractors engaged in erection or repair of brass, bronze, and iron doors, memorial plaques, wall facades, wrought iron facings, and similar decorative items.
- Includes only erection and repair.
- **Manufacturing and / or forging of ornamental iron rated separately under 3504.**

5110 BOILER AND ELEVATOR INSTALLATION AND SERVICE
--

- Boiler installation, maintenance, and repair. Includes excavation, foundation concrete or masonry work, rigging or slinging of drums and headers into place, setting of tubes into headers, installation of superheating units, and the installation of all steam fitting work up to, but not beyond, the header valves, blow off valves, and water intake valves.
- Elevator and escalator installation and repair, including the installation of all electrical apparatus and wiring in connection with operations.
- Millwrighting - applies to the erection, dismantling or repair of machinery or equipment. **[B]**
Not to be assigned to employees of insureds engaged in millwright work on the premises of the insured. Such payroll must be included in the governing class.

- Section 5110 continued on next page.

- Pipe and duct insulation - fiberglass application. **[C]**
- Conveying equipment erection and servicing. This applies to agricultural loaders, industrial loaders, beet pilers, pneumatic unloaders, conveyor buckets, and hoisting equipment. It also includes concrete and asphalt plant equipment repair. **[D]**

5183 PLUMBING - HEATING - SHEET METAL
--

- Heating, ventilation, and air-conditioning - installation, service, and repair.
- Plumbing and pipefitting - installation, insulation, and repair of gas, steam, and water pipes. Includes residential, commercial, and shop work.
- Underground lawn sprinkler system and automatic sprinkler system (intended for fire extinguishing) - installation, service, and repair. **[A]**
- Sheet metal installation and any shop operations necessary to prepare the sheet metal for installation. The sheet metal used may be galvanized iron, sheet iron, steel, tin, copper or aluminum. Also includes the installation of such items as sheet metal, furnaces, heating and ventilating ducts, spouting, and flashing.
- Commercial or residential refrigeration - installation, service, or repair.
- Fabrication of metal seamless gutters, siding, and roofing - shop only.
- **Boiler installation rated separately under 5110.**
- **Agricultural irrigation system installation rated separately under 0251.**
- **On-site fabrication and installation of metal seamless gutters, siding, and roofing rated separately under code 5410.**

5190 ELECTRICAL - WIRING - SERVICE AND REPAIR
--

- Electrical wiring, service, or repair within buildings, including outside connections. There are no restrictions based on the capacity of the wiring systems. **[A]**
- Power circuitry and wiring for lighting purposes.
- Conduit construction such as the digging of a trench, laying of conduit, backfilling and concrete or masonry work for the installation of lighting systems for signal systems or traffic signals.
- Installation of satellite dish equipment by specialty trade contractor.
- Electric motor rewinding. **[H]**
- The installation and repair of commercial or residential appliances such as dishwashers, electric ovens, washers and dryers by specialty trade contractor.

5205 CONCRETE WORK

- Concrete work - pouring of concrete footings, reinforcement bar installation, foundation walls, cellar floors, basements, sidewalks, driveways, setting up and taking down of forms.
- Cement bulk plant operations involving dry cement. **[A] Trucking rated separately.**
- Concrete flat work - pouring of slabs for buildings.
- Concrete curb and gutter work, when performed by a concrete or cement contractor other than the street or road construction contractor, is included under this classification.
- **Construction contractors rated separately under 5410.**
- **Ready mix plants rated separately under 6042.**

5345 PLASTERING - STUCCO - DRYWALL

- Plastering, lathing, and exterior and interior stucco work.
- Drywall and / or wallboard installation by specialty trade contractors.
- Operations include the mixing of plaster with water and the hand application of the mixture by trowel to interior walls or partitions. The process may also include taping, filling, and sanding of joints and nail holes.
- **Specialty contractors engaged in waterproofing the interior of buildings rated separately under 5474.**
- **Construction contractors rated separately under 5410.**

5410 BUILDING CONSTRUCTION

- Carpentry work in connection with the construction of a dwelling - including rough framework, shingling, rough flooring, stud joists, rafters, roof decks, wood balcony erection, all types of roofing materials, ceiling installation, sidewall sheathing, siding, doors, door frames, wallboard installation, lathing, windows, stairs, finished flooring, cabinet installation, and all interior wood trim. Contractors performing interior, finish, or trim carpentry, such as the installation of paneling, molding, cornices, parquet or wooden flooring, mantels, staircases, railings, cabinets, counters, and application of caulking and weather-stripping. **[A]**
- Erection of metal grain bins or quonset-type structures. **[B]**
- Alterations, remodeling, and repairs to existing structures. **[C]**
- Insulation - contractors installing or applying various types of acoustical or thermal insulating materials in buildings or within building walls. The methods of installation are generally by hand, blower, nailing, or by cementing with special adhesive. **[E]**
- All contractors and operative builders primarily engaged in the new construction of residential, farm, industrial, commercial, and other buildings, including concrete work. **[F]**

- Section 5410 continued on next page.

- Swimming pool construction both in ground and above ground, including all shop work necessary to ensure the completion of the pool at the selected site. **[G]**
- Aluminum or vinyl siding - installation and on-site fabrication. **[H]**
- Roofing - cold process. Includes rebuilding of roof and installation of skylights and rubber membrane installation. **[I]**
- Concrete silo construction, grain elevator construction, and concrete storage facilities. This includes slip form construction (construction and erection of forms and the placement of reinforced steel and stripping forms).
- Installation of seamless and nonseamless gutters and spouts, to include on-site fabrication.
- Includes on-site supervisors, on-site cleanup crews, and on-site debris removal.
- Construction of portable buildings and pre-fabricated modular houses.
- Erection of awnings - wood, metal, or canvas.
- Installation of metal or metal-covered doors, doorframes, sash, and skylights.
- Installation of synthetic rubber liners in open pits such as reservoirs, sewage treatment vats, sewage lagoon cell dividers, and evaporation ponds.
- Asbestos and lead paint removal.
- Contractors providing event set-up and dismantling.
- Project managers supervising their own employees.
- **Structural steel erection rated separately under 5040.**
- **Aluminum siding fabrication - shop only rated separately under 5183.**
- **Specialty trade contractors performing concrete work only rated separately under 5205.**
- **Specialty trade contractors installing drywall only rated separately under 5345.**

5474 PAINTING

- Exterior and interior painting, staining, or varnishing of residential or commercial structures.
- Interior waterproofing of walls and floors by hand or hand held machine - painting or spraying.
- Wallpaper hanging - including preparation work such as taping, filling, and sanding of joints and nail holes on wallboard.
- Parking lot striping and painting.
- **Highway striping rated separately under 6042.**
- **Painting of towers, tanks, and structural steel members rated separately under 5040.**

5502 FLOOR COVERING INSTALLATION

- Installation of rugs, wall-to-wall carpeting, and linoleum. Includes floor refinishing, stripping, sanding, and varnishing. Installation of garage floor epoxy. Installation of window shades, venetian blinds, wooden shutters, curtains or draperies. **[B]**
- Installation of terrazzo, stone, interior tile, ceramic tile, and similar products. **[C]**
- Installation of laminate or wood flooring. **[D]**

5545 ROOFING - HOT TAR METHOD AND SANDBLASTING

- Application of and repairs to flat, sloped, or built-up roofs. The materials used may include hot tar, foams, resins, metals, slate or stone aggregates.
- Roofing - hot tar method. **[A]**
- Lightning rod erection and repair. **[B]**
- Television and radio antenna erection and repair, including estimating. **[C]**
- Waterproofing roofs and sidewalls. **[D]**
- Sandblasting operations - includes estimating. **[E]**
- Chemical cleaning of boilers. **[F]**
- Guniting or water proofing application to stacks. **[G]**
- Pressure washing of roofs.
- **Shingling - cold process roofing rated separately under 5410.**
- **Removal and repair to roof prior to hot tar process rated separately under 5410.**

5603 CONSULTING ENGINEERS

- Consulting engineers, architects, and surveyors, weather observers, or firms with a primary function to give technical advice through the mediums of plans, maps, charts, specifications, and other media and then to interpret this information by supervision in an advisory capacity.
- Building material (concrete and asphalt) testing laboratories; analyzers of sand or gravel; transistor testers; radiography testing laboratories; and stress testing.
- Contractors who locate utilities, environmental testers, and equipment testers.
- Project managers supervising subcontractors.
- Soil testing and sampling companies with a primary function to give results of soil tested for phosphate, nitrogen, sulfate, and other substances. **[A]**

- Section 5603 continued on next page.

- Coal company engineers - no mining. **[B]**
- Energy conservation consulting firms with employees who conduct energy audits.
- Fire tenders/watchers.
- **Project managers supervising their own employees rated separately.**

6042 STREET AND ROAD CONSTRUCTION
--

Street, road, and highway construction – maintenance:

- Pipe stringing.
- Scale operators.
- Repair and tar patching.
- Road grading - asphalt and gravel.
- Installation and maintenance of culverts.
- Train locomotive engineers.
- Railroad car repair and maintenance.
- Highway striping and marking.
- Livestock manure hauling and spreading.
- Agricultural pipe installation and drainage tile.
- Airport runway construction.
- Ash pile removal operations, including fuel clean-up removal and land reclamation / remediation.
- Stump removal by specialty trade contractor.
- Derrick rig “anchor” installation by specialty trade contractor.
- Hauling of asphalt tar mix to highway construction site.
- Irrigation canal construction in relation to irrigation system installation, above or below ground. Applies to fixed or movable operations and flow or impulse operations.
- Street, road, highway - construction. General and special trade contractors engaged in the construction of streets, roads, and highways. Includes all operations, such as on-site supervisors, excavation, bulldozing, grading, landscaping, seeding, sign revision, guardrail installation, and incidental construction of single span bridges not over 25 feet. **[A]**
- Sand and gravel – excavating, crushing and hauling. **[C]**
- Concrete ready-mix plants, including delivery. Asphalt mixing plants, including hauling and spreading. **[D]**

- Section 6042 continued on next page.

- Railroad construction, railroad right-of-way construction, and sorting of railroad ties. [E]
- Heavy equipment operators, including crane operators. [F]
- Highway landscaping, sodding, grass seeding, and mulching. [G]
- Gravel hauling. [H]
- Street cleaning, road weed mowing, and maintenance. [I]
- Canal construction and drainage. [J]
- Riprap construction. [K]
- Earth filled structures – dikes, stock ponds, dams, and cofferdam construction. [L]
- Concrete construction of dams. [M]
- Highway traffic signal and lighting construction. Erection and removal of roadway snow fence, road markers, signs, railroad ties, or guardrails. [N]
- Snow removal [O].
- **Operations and maintenance of irrigation systems rated separately under 0251.**
- **Sprinkler system installation rated separately under 5183.**

6200 WATER WELL DRILLING OPERATIONS
--

- Specialty trade contractors primarily engaged in water well drilling.
- Geothermal drilling to include the installation of pipelines and equipment.
- Maintenance and repair of water wells.
- Salt water disposal operations in connection with water well-drilling operations. [A]
- Includes installation of machinery when performed at the same job site or location where drilling is performed.
- **Specialty trade contractors engaged in salt-water hauling operations or salt-water disposal plants, in conjunction with oilfield operations rated separately under 6205.**

6203 OIL AND GAS DEVELOPMENT - DRILLING
--

- Firms engaged in drilling or re-drilling of oil or gas wells including erection and hauling of drilling rigs.
- The size and makeup of a drilling crew may vary from rig to rig. A typical crew consists of a tool pusher, a driller, derrickmen, and roughnecks or floormen.

Section 6203 continued on the next page.

- Includes erection and dismantling of drilling rigs, hydraulic fracturing, and cementing and installation of casing when such operations are performed by employees of the drilling company.
- Firms that provide crews to drilling contractors for specialized drilling, baling, fishing, or casing.
- **Derrick dismantling, hauling, installation and erection by specialty trade contractors rated separately under 6205.**

6204 OIL AND GAS WELL SUPPLIERS OR EQUIPMENT DEALERS

- Sale, rental and shop repair of equipment, such as pipe and casings, sucker rods, fittings, pumps and pump jacks, tanks, engines, and drilling rigs and tools.
- Includes inside and outside sales employees.
- Includes service employees who may occasionally demonstrate new equipment after it has been installed in the field by a specialty trade contractor.
- Oil or gas well suppliers or equipment dealers who specialize in the sale of new equipment, such as pipe and casings, sucker rods, fittings, pumps, and pump jacks, tanks, gas engines, drilling rigs and tools, compressors, and industry related fire-fighting / breathing equipment (includes training and demonstration).
- Mud "drilling fluid" dealers who supply their products to oil or gas well operators.
- Warehouse operations and delivery of merchandise by dealers.
- Oil well supply dealers engaged in sales and service of chemical products used at a completed well site.
- **Field installation, service and repair of well supply equipment rated separately under 6206.**
- **Oil field trucking rated separately under 6205.**
- **Clerical office staff rated separately.**

6205 OIL WELL TRUCKING

- Truckers engaged in contract hauling of oil field equipment.
- Oil and hot oil operations - includes hauling and unloading. **[A]**
- Water hauling operations - includes hauling, loading, unloading, and disposal of freshwater, saltwater, and other waste etc., including frac sand hauling operations. **[B]**
- Hot shot services. **[C]**
- Salt water disposal plant operations. **[D]**
- Derrick dismantling, hauling, installation and erection by specialty trade contractors.
- Truck Pushers
- **Derrick rig anchor installation by specialty trade contractors rated separately under 6042.**

6206 OIL WELL SERVICING

- Workover rigs and/or snubbing operations - use of special portable derricks or rigs for pulling, repairing or replacement of pumps, rods and tubing, and the cleaning and swabbing of producing wells or wells that previously produced gas or oil.
- Wireline work – lowering equipment or measurement devices into the well for the purposes of well evaluation; retrieving pipe or other items from a well; well perforating; well cleaning; and valve, plug or tubing installation, service or repair.
