2021 LMS Courses

Course Course ID	Course Title	Course Description
2021-PS5-01398	2021 - Scaffold Safety Awareness	Working on scaffolding can be one of the most dangerous jobs on a construction site. It does not need to be. When they are used and maintained correctly, scaffolds are safe. This awareness-level course provides employees with vital information to help them recognize unsafe practices and to work safely on and with scaffolds. Ideal learners are employees who perform work while on scaffolds.
2021-PS5-101943	2021 - Slips, Trips and Falls for Construction	At best, slipping and tripping is embarrassing. Often, it leads to strains and sprains. At worst, it causes serious injury or even death. Preventing slips, trips and falls from walking and working surfaces is easy, but often ignored in the daily routine of trying to get work done quickly and efficiently. This course defines slips, trips and falls and details how you can avoid them. Ideal learners are all employees who work construction.
