## 2020 LMS Courses

Course ID	Course Title	Course Description
2020-PS5-102030	2020 - Preventing Slips, Trips and Falls: Keeping Work Areas Safe	Slips, trips and falls can cause numerous, sometimes severe, injuries. Take this course to learn ways you can make your workplace safer to prevent these accidents. This course is ideal for all employees.
2020-PS5-102299	2020 - Ladder Safety	Obviously, falling off a ladder can injure you. But did you know that falling just 4 feet (or 1 meter) can actually kill you? If there is ever a chance you will use a ladder at work, you need to use it safely. This program covers the consequences of unsafe ladder use, the types of ladders and how to use each type, and ladder safety, inspection and storage. Ideal learners include all employees who use ladders.
2020-PS5-00910	2020 - Guarding Floor Holes and Wall Openings	No one wants to fall through a floor hole or wall opening! Take this course to find out what you can do to avoid falling and protect others on your site from falling, too. You will learn to recognize floor holes and wall openings and select the right covers and guards for them. Ideal learners are all employees.
