

Workforce Safety and Insurance introduced the Ergonomic Grant Program in August 2009. WSI wants to help North Dakota employers reduce the frequency of ergonomic related injuries in the workplace by increasing worker training and safety through the Ergonomic Initiative Program. WSI is offering financial assistance for the purchase of ergonomic-related equipment through the ERGO PHASE III Grant Program. ERGO PHASE III began October 21, 2021, and over \$9.8 million has been awarded through December 2023.

The following employers have received funding through WSI's ERGO PHASE III Grant Program:
