2021 LMS Courses

Course Course ID	Course Title	Course Description
2021-PS5-102388	2021 - Ladder Safety Awareness	Obviously, falling off a ladder can injure you. But did you know that falling just 4 feet (or 1 meter) can actually kill you? If there is ever a chance you will use a ladder at work, you need to use it safely. This program covers the types of ladders as well as guidelines for proper ladder safety and inspection. Ideal learners include all employees who use ladders.
2021-PS5-01398	2021 - Scaffold Safety Awareness	Working on scaffolding can be one of the most dangerous jobs on a construction site. It does not need to be. When they are used and maintained correctly, scaffolds are safe. This awareness-level course provides employees with vital information to help them recognize unsafe practices and to work safely on and with scaffolds. Ideal learners are employees who perform work while on scaffolds.
